INTRO

Started coding in 9th grade because I wanted to build things, not because someone told me to. Shipped production systems for real clients, contributed to open-source healthcare infrastructure, and currently going after GSoC 2026. I care about impact. I follow my gut. Looking to join a team where my work actually matters.

EXPERIENCE

Software Developer Jul 2025 – Feb 2026
Devkind *Melbourne, AU (Remote)*

- Rebuilt Swell checkout from scratch. Integrated Cloudflare KV + Easyblocks into a NextJS storefront so non-technical clients could customize their own UI without touching code.
- Collapsed a 3-step checkout into a single-page flow; 35% lift in completion rates across client stores.
- Sole dev on 6+ client projects end-to-end: scoping, building, and deploying within tight deadlines.
- Onboarded an intern, ran code reviews, and helped scope their first production tasks.

Developer Intern Mar 2025 – Jun 2025
Devkind *Melbourne, AU (Remote)*

- Redesigned a legacy site with measurable improvements in Core Web Vitals, organic traffic, and conversion rates.
- Built a shared prompt library for the team, standardized AI workflows and cut API token costs by 30%.
- Automated marketing workflows using N8N + Slack, saving 10+ hours of manual work per week.

Freelance Developer Nov 2024 – Apr 2025
Samiullah Arif Enterprises (SAE) *Sukkur, PK (Remote)*

- Replaced pen-and-paper invoicing with a Django + NextJS system that has processed 20M+ PKR in transactions.
- Shipped 4+ new features in under 30 days based on direct client feedback, iterating fast on a live product.

CURRENTLY BUILDING

- **GSoC 2026 applicant:** actively contributing to [Open Health Care Network (care_fe)](), focused on frontend performance, accessibility improvements and bug fixes.
- **National Powerlifting Championship:** competing in sub-59kg class, training 5 days/week alongside everything else.

SKILLS

Languages	JavaScript, TypeScript, Python, SQL
Frameworks	React, Next.js, Node.js, Django, Flask
UI	ChakraUI, MaterialUI, Ant Design
Tools	N8N, Docker, Supabase, Redis, Strapi, Stripe

EDUCATION

Intermediate, Islamia Government Science College, Sukkur Aug 2024 – Expected 2026
Computer Science HSC-I: A (78.55%)

Matriculation, APWA Excellent World School, Sukkur Apr 2014 – Aug 2024
Computer Science SSC-II: A (78.09%)

EXTRA-CURRICULAR

- **Regional Enterprise Challenge Pakistan:** 4th place, pitched a gig marketplace for skilled trades with a POC, business strategy, and user acquisition plan.
- **Academic:** 1st position in Annual Examination 2022, 2nd position in 2020–21.
